

Elemente de racire cu fixare, spiralate

INFO

S3120/ . . . (RLAS ...)

Material: Otel inoxidabil

Caracteristici:

- Instalare rapida a elementelor de racire plate in miezuri
- Asamblare sigura, chiar si in gauri supradimensionate
- Dezasamblare usoara pentru intretinere
- Reutilizabil

De retinut::

Modelul **S3120** poate fi inserat fara o adaptare suplimentara a locatiei gaurii. Aceasta este pastrata in pozitie in gaura de un arc special.

Spiral Auto-Locking Cooling Elements

INFO

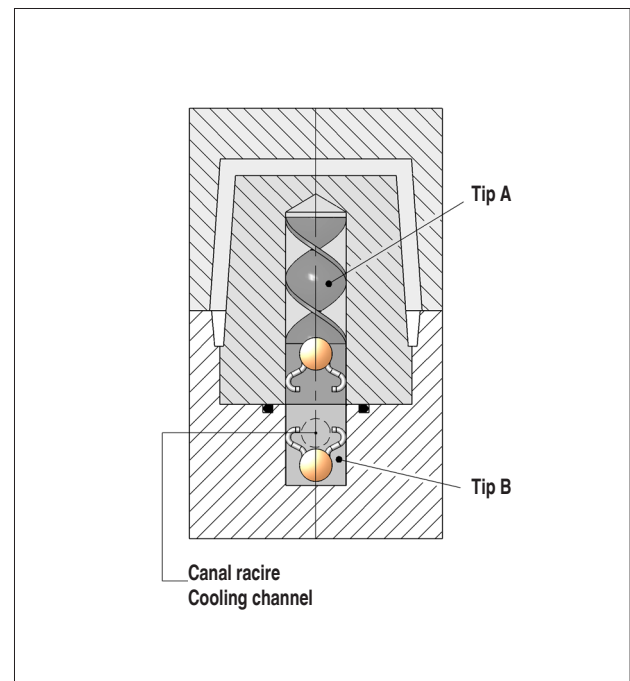

Material: Stainless steel

Characteristics :

- Fast installation of core cooling with flat elements
- Secure assembly even in oversized bore holes
- Easy disassembly for maintenance
- Reusable

Notes:

The Model standard **S3120** can be inserted without an additional adaptation of the location-hole. It is kept in position in the bore hole by a special spring-element.
