

Conector Thermo, Soclu Thermo Standard

S5460/ 1 (86.000.175)

Conector tata

S5461/ 1 (86.000.180)

Soclu mama

Pentru extinderea cablurilor termocuplurilor.

- Contactele sunt confectionate din material masiv TE
- Contacte fixate
- Pot fi conectate conductoare de la \varnothing 2,8 - \varnothing 6,0 mm, pentru conectori dublu sunt posibile perechi diferite
- Carcasa rezistenta la temperatura, Carcasa din plastic pentru T -100 °C – +220 °C

Carcasa ceramica (T -273 °C – +900 °C) la cerere.

Thermo-Plug, Thermo-Socket Standard

Male

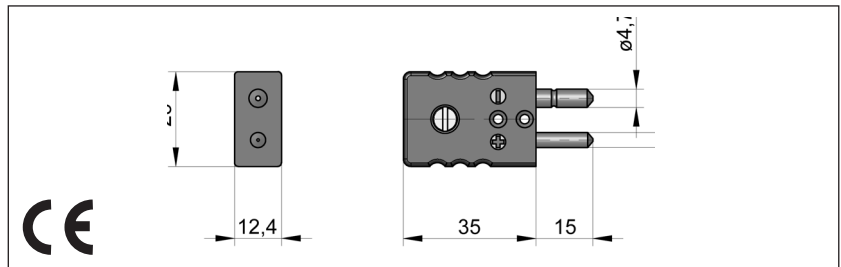

Female

For extension of thermocouple-cables.

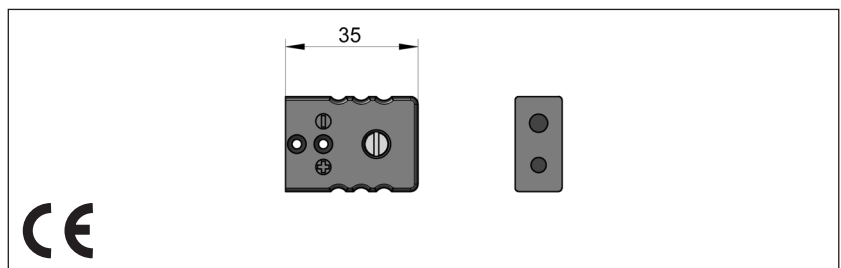

- Contacts made of massive TE-material
- Unlooseable contacts
- Cables from \varnothing 2,8 - \varnothing 6,0 mm can be connected, for double connectors different pairs are possible
- Temperature resistance housing, Plastic housing for T -100 °C – +220 °C

Ceramic housing (T -273 °C – +900 °C) on request
